

All Makes and Models:

Retrofit and OEM

We pride ourselves on being the most technically capable and best trained service provider in the industry. We continually have the most updated tools for all emissions systems makes and models, both Retrofit and OEM.

Compliance Specialist

Having your fleet fully compliant with all ARB rules and regulations can be a full time job. There are several items ARB looks for and will write citations accordingly. At ESU we look for ANY and ALL compliance infringements at EVERY SERVICE! Just another piece of ammunition in our arsenal of standard services to benefit you, our customer. In 2012 ARB issued over 100 citations totaling more than \$10 million.

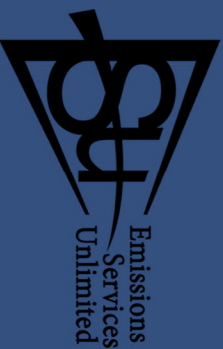

Emissions Services Unlimited

Your Diesel Particulate Filter (DPF) Experts

Why Choose ESU?

A clean DPF is a clean DPF, right?

Wrong! Unlike most companies, we use several inspection techniques to verify the DPF is FULLY CLEAN before re-installation. We are the only company in California that double bakes the DPF core as needed (in addition to the standard PULSE / BAKE / PULSE).

Contact us today:

888-550-9293

info@emissionservices.com

We do much more than just clean your DPF. You won't find anyone else providing this level of service!

Emissions Services Unlimited Inc.
7501 Slater Ave, Suite J
Huntington Beach, CA 92647

Minimal to ZERO vehicle downtime!

We care about your business and understand that vehicle downtime is unacceptable. We will work with you to ensure this is minimal or nonexistent!

Our Guarantee
